PROFESSIONAL SUMMARY

Frontend & Full Stack Developer skilled in React, JavaScript, Django, Python, and modern web technologies. Experienced in building responsive web applications, e-commerce solutions, and performance-focused websites. Passionate about creating user-friendly digital experiences and continuously expanding technical expertise.

CORE SKILLS

Frontend: HTML5, CSS3, JavaScript, React, Tailwind CSS, Bootstrap

Backend: Python, Django, PHP, SQLite

Tools: Git, GitHub, VS Code, Figma, cPanel

Other: SEO, Hosting & Domain Management, Google Analytics, AI-Assisted Development

PROFESSIONAL EXPERIENCE

Freelance Web Developer | Jan 2022 – Present

- Developed and maintained responsive websites using WordPress, HTML, CSS, JavaScript, PHP, Python, and Django.
- Built custom business websites, landing pages, and portfolios.
- Managed hosting, domains, SSL certificates, backups, migrations, and performance optimization.
- Implemented on-page SEO, technical SEO, keyword optimization, and content structuring.
- Utilized Claude AI and ChatGPT for development, research, debugging, documentation, and workflow automation.
- Collaborated directly with clients to deliver tailored web solutions.

PROJECTS

EzVeggies | Full Stack E-Commerce Platform

Technologies: Django, Python, SQLite, JavaScript, HTML, CSS, Razorpay

- Developed a full-stack e-commerce application using Django, Python, SQLite, HTML, CSS, and JavaScript.
- Implemented secure user authentication and authorization.
- Built shopping cart, address management, and order processing systems.
- Integrated Razorpay payment gateway for online transactions.
- Designed responsive UI and optimized user experience across devices.
- Managed product catalog and checkout workflow.

Developer Portfolio Website | Personal Branding & Showcase Platform

Technologies: React, Tailwind CSS, Framer Motion, Vite

- Designed and developed a responsive personal portfolio website to showcase projects, skills, and professional experience.
- Implemented modern UI/UX principles, smooth animations, interactive components, and mobile-first responsive layouts.
- Leveraged AI-assisted development tools such as ChatGPT to accelerate ideation, UI refinement, debugging, and development workflows while maintaining full ownership of implementation and customization.
- Built reusable React components and optimized performance for a smooth user experience across devices.
- Deployed and maintained the website using Vercel with continuous updates and improvements.
